**Cafe Umbria Blends, 12 Oz Bag of Beans**

**Gusto Crema Blend - Classic Espresso, Medium Roast**

*"Un espresso perfetto. Defined by a creamy body and delightful sweetness that lasts through the finish. Find milk chocolate and dried fig notes in this rounded and subtly complex coffee. This blend typifies the style of coffee roasted for generations by the Bizzarri family and is the featured espresso at Caffè Umbria cafés. Brewed drip-style it smooths to a rich and refined cup."*

Brew Recommendations: Espresso, Moka Pot, Filter Drip. Primary Origins: Brazil, Colombia, Guatemala.

Characteristics: Creamy, Milk Chocolate, Cream, Dried Fig. Body Medium, Velvety. Acidity Low

**Terra Sana Blend – 100% Organic, Medium Roast**

*"This Organic and Fair Trade certified coffee highlights some of the Bizzarri family's longtime supplier relationships. Grown by smallholder cooperative farmers in Peru, Mexico & East Timor it is artfully blended to balance the crisp apple-like acidity with deeper cocoa notes. We drink this remarkably agreeable & clean blend as a morning drip coffee."*

Brew Recommendations: Filter Drip Pourover. Primary Origins: Mexico, Peru, Timor.

Characteristics: Clean, Crisp, Apple, Bittersweet, Chocolate. Body Medium. Acidity High

**Bizzarri Blend – Signature Blend, Medium-Dark**

*"This blend was crafted to pair uniquely with the sweet characteristics of milk and cream. A resonant body and deep fruity acidity helps this coffee stay structured when sipped "con latte". Taste molasses, pecan and hints of banana in this Golden Bean North America medal-winning coffee. We love this blend for its versatility so brew in the style of your preference."*

Brew Recommendations: Espresso with Milk, French Press. Primary Origins: Peru, El Salvador, Uganda.

Characteristics: Harmonious, Molasses, Pecan, Banana. Body Full. Acidity Low

**Mezzanotte Blend – Decaffeinated**

*"In Italian, mezzanotte means "midnight". This creamy-bodied decaffeinated coffee possesses low acidity, notes of milk chocolate and nut with hints of black tea. We savor this coffee "con il dolce", steeped in a french press then paired with complementary flavors of chocolate or hazelnut."*

Brew Recommendations: French Press Filter Drip Espresso. Primary Origins Colombia, Costa Rica.

Characteristics: Smooth, Milk Chocolate, Hazelnut, Black Tea. Body Medium. Acidity Low.

**This Year's Cupping Room Collections:**

**Name: Mexico Pluma Hidalgo. Single Origin Med-Light Roast**

*"Farms in this area are typically small...Plants are of oldest variety, Typica, which produce excellent flavor qualities but have relatively low yield compared to other varieties. Soil is enriched organically with compost made from coffee parchment, leaves, and fruit. Many growers in Oaxaca belong to indigenous groups, and embrace traditional growing techniques and organic practices."*

Brew Recommendations: Hario V60, Aeropress, Espresso.

Characteristics: Aromatic, mild, medium body. Cocoa, Malt, Raisin Roasted Almond, Brown Spice Aroma

**Name: Congo Muungano. Light Roast. From The Muungano Cooperative.**

*"The Muungano cooperative was founded in 2009 with 350 members at a time when their formerly vibrant commercial coffee production had almost ceased. Today the cooperative consists of over 4400 smallholder farmers and has added infrastructure and expertise to vastly increase production and quality."*
